Le Jade Aesthetic Clinic

## Testimonial

Mar 13<sup>th</sup>, 2024

For more than 10 years, I have been utilizing PureForm & Surgiform (ePTFE Facial Implants). The stability and safety of these products are my primary concerns. They offer an exceptionally low risk of complications, support tissue in-growth, and minimize migration, erosion, and scarring. In my opinion, PureForm & Surgiform (ePTFE) stand out as the top choices for facial implants
