

## Testimonial

Mar 7<sup>th</sup>, 2024

As a plastic surgeon, I have a lot of experience with different types of implants, such as those used for nose reshaping, forehead enhancement, and chin augmentation, etc. Among the many implant brands available in the market, I have the highest confidence in Surgiform, which is a high-quality product developed and produced by Surgiform, a leading US company in the field of e-PTFE implants.

Signature :

A handwritten signature in black ink that reads "Robert Lai". The script is fluid and cursive.
